

We offer a special service where you can kennel your dog with us, and have it trained in basic obedience at the same time!

You can relax on your holiday, and know that your dog is in the best of care, and receiving training. When you collect your dog, we will give you a demonstration of the training the dog has received, and give you a training session with your dog, so that you can work with your dog as well. Your dog will also receive a certificate of training. Should your dog have any other specific problems, we can discuss them, and see if we can help your dog to solve the problem.

Please give us a call or send an e-mail to discuss eligibility for training your dog (age, etc.), and for any other questions you may have. We are situated north of Pretoria. We will also collect your dog, should you prefer, at a nominal collection fee.

See **About Us** for a background on our qualifications. We work with the positive reward system, and your dog will never be hurt or mistreated.

So – while you are paying for kenneling in any case – now your dog will also be trained!

Even if you are not going on holiday, we will still take your dog in for training at any time suitable to you, depending on bookings. Please contact us for a booking.

"I just wanted to thank you both once again for all the time that you have put in to train my boy. He is so unbelievable and disciplined it is only a pleasure! In the beginning I battled a little with the down command, but all is in order now. I take him every afternoon when I get home from work, and we both love it. To us he is even more protective than before, and won't even allow anyone to come near the gate. Thank you both." Larry and Estelle
